

Mewaco Piglets

Mewaco Fattening pigs

Mewaco Piglets Duo

Mewaco Fattening pigs Duo

Most important features:

- For large groups of pigs
- ½" stainless steel water connection, 2 drinking nipples (Mewaco) 3 drinking nipples (Mewaco Duo)
- White transparent feed bunker, assess feed content from a distance
- Ingenious anti-spill rim, prevents feed spilling
- Very long-lasting feeder with high own weight (Mewaco >29KG)
- Standard 2 x 35mm stainless steel U-profiles
- Spindle adjustment for very accurate and easy adjustment
- Very strong complete stainless steel 304 dosing system and trough
- Stainless steel partitions and bars separate the eating and drinking places
- AHDB Feeder test: Scores best on both reduction of feed spillage and ease of adjustment
- Best price/quality ratio in the market

The VERBA Mewaco feeder is made from a 100% stainless steel trough and frame with a transparent feed bunker. The Mewaco feeder is suitable for use with meal, pellet or crumb. For optimum effectiveness, the drinking trough with stainless steel drinker nipple is completely separate from the feeder part. The Mewaco feeder is very suitable as "stand-alone" or integrated in a partition wall.

Guarantee: 7 Years on construction- and material faults; drinking nipples 1 year on construction faults. Drinking nipples are only suited for water, not for additives.

Opties:

Mounting angles, lid (Mewaco), 51mm stainless steel U-profiles, circulation pipe, stud plate for under the feeder
